Familiar with ICE Law Enforcement Notification System (LENS)?

LENS is a program that alerts law enforcement of organizations when a subject, whose criminal convictions classify him/her as a violent offender, is being released from ICE custody, and has NOT been removed from the United States.

Let's pause and let that sink in a minute.....

All terminal ORI's within the affected jurisdiction will be notified via an Open Fox Administrative Message. Below is an example of what you will receive:

--ADMINISTRATIVE MESSAGE--

Additional Warrants (ADO) Field

Things are not always what they appear to be.....

The screenshot shows the 'EW - NCIC Enter Wanted Person' form. It is divided into sections: 'Personal Information' and 'Offense Information'. The 'Personal Information' section includes fields for Name (NAM), Sex (SEX), Race (RAC), Place of Birth (POB), Date of Birth (DOB), Date of Emancipation (DOE), Height (HGT), Weight (WGT), Eye Color (EYE), Hair Color (HAI), FBI # (FBI), Skin Tone (SKN), Scars, Marks, Tattoos (SMT), Fingerprint Classification (FPC), Miscellaneous # (MNU), Social Security # (SOC), DNA (DNA), DNA Location (DLO), Caution/Medical Condition (CMC), Citizenship (CTZ), and Ethnicity (ETN). The 'Offense Information' section includes Offense (OFF), Original Offense (OOC), Date of Warrant (DOW), Agency Case # (OCA), Warrant # (WNO), Court Identifier (CTI), Notify Agency (NOA), Extradition Limitation (EXL), and the 'Additional Warrants (ADO)' field, which is circled in red. The ADO field is a dropdown menu.

ADO = According to the NCIC manual, ADO is “Additional Offenses”.

*However, if you read further down in the manual, it specifically states
“The ADO Field should be used to indicate that multiple warrants exist
for the same individual by the same ORI. Additional offenses should be
listed in the MIS Field.”*

LITTLE TID-BITS OF INFO...

All TACs are encouraged to add their email addresses to KACIS. Also, if you have a direct phone line, please include that as well. This is the primary place we look for your contact info!

KCJIS now requires 6-8 digit PINS with the RSA tokens for all new users. Eventually, all existing users with less than 6 digits will be required to reset their PIN to meet the KCJIS requirement.

Offender registration working group minutes are available to you through the KCJIS Web Portal under the information tab (working group-ORWG).

MKE/PROTECTION ORDER

“The officer advised the subject was alone, so is that all that I should concern myself with?”

NO! You are not done quite yet!

Any time you have a protection order, check to see if the Brady indicator is set at Y, or if there is a PCO/07...

*... If the answer is **YES*** and the order is confirmed as active, the subject is NOT allowed to have a firearm in their possession!*

****Be sure to confirm the protection order is still valid and accurate with the entering agency PRIOR to your agency taking possession of a weapon!***

Feb 2016 Class

Instructors – Sandy & Kim

“The feedback to questions was amazing. It was a very relaxed and comfortable atmosphere and if there was anything that wasn’t understood, it was explained until it was understood. “

“This class has been such a good thing for me. I learned and feel that it will improve my duties when returning back to the job. Thank you! ... Love this class!!!”

“I wish the class was longer. I have learned so much the last two weeks – all useful information. I loved the step by step practice entries. BLECO was so much fun!”

“I am so happy I took this class. I really wish I had gone sooner as I have learned so much. I will recommend this class to everyone!”
